Project Name:	Security Forces Facility	Request Nature:	Community Project Funding
Member Name:	Loudermilk, Barry(R-GA)	Member's Request: (in thousands, \$000)	\$22,000
Justification:	Cobb County Chamber of Commerce support letter will be attached. AF did not provide DD-1391.		
Project Purpose:	Constructing a new facility supporting squadron training, administration, operations, and storage requirements for both base operations and deployable forces. Facility would include classrooms, weapons vault, combat training room, locker rooms and showers. If not funded, the current facility will continue to degrade while maintenance costs increase, the unit would continue to use outdated systems further degrading mission readiness.

Dear Chairman Rogers and Ranking Member Smith,

I am requesting funding for construction of the Security Forces Facility at Dobbins Air Reserve Base in fiscal year 2024. The entity to receive funding for this projects, Dobbins Air Reserve Base, is in Marietta, Georgia and is located in Georgia's 11th Congressional District. The funding would be used for construction of the new facility supporting squadron training, administration, operations, and storage requirements for both base operations and deployable forces. The project is an appropriate use of taxpayer funds so that Dobbins Air Reserve base may remain at the required state of mission readiness.

The project has a Federal nexus because the funding provided is for purposes authorized by 10 U.S.C. Chapter 169.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Barry Loudermilk
Member of Congress

Project Purpose:	Demolishing existing space and construct a new facility consisting of administrative space, warehouse space, and hazardous material storage. If not funded, the current administrative facility's electrical, lighting, fire detection, and roofing components will soon need replacement in order to maintain reliable operations. The warehouse space will continue to have inadequate storage capabilities to meet existing requirements.

Project Purpose:	Construction of an administrative space to replace the current facility and allow for consolidation. The existing space is being renovated for occupancy by the 94th Airlift Wing and 22nd Air Force. If not funded, the planned occupancy of the existing space by the 94th Airlift Wing and 22nd Air Force would leave the Civil Engineering Group with no permanent facility to conduct day to day mission requirements. The unit's training facilities are also located on another portion of the base, requiring personnel to drive to the site in order to process and train personnel.
